

ANOTHER HUGE TAX BILL FOR DESBOROUGH RESIDENTS

Desborough residents will soon be hit with another big Council Tax bill as the Town Council unanimously (11 Conservative and 1 UKIP) agrees a Parish Precept of £349,700. Following last year's 422% increase to £352,000 Desborough residents will again have to foot the bill for the Tory 'tax and spend' agenda.

Once again Desborough Councillors are completely out of step and appear divorced from reality. Figures from Kettering Borough Council for 2017/18 show the Precept for Rothwell Town Council of £30,000, Burton Latimer £31,750 and Desborough £349,700.

The feelings of local people expressed through the Parish Poll were arrogantly ignored but on 4th May 2017 Desborough residents can send a clear message through the ballot box.

KICK 'EM OUT

Desborough residents are paying a heavy price for the ineffectiveness of their representatives on Kettering Borough Council and Northamptonshire County Council.

Instead of fighting for our fair share of resources and campaigning for the services and facilities we need in our town they prefer to impose a huge 'Parish Precept' on local people.

Due to the impotence of our elected Councillors local residents are expected to pay separately for the services and facilities we need.

This means that, in effect, Desborough residents are subsidising tax payers across the Borough and throughout the County.

The County Council elections on the 4th May this year will give Desborough residents an opportunity to elect a representative who will speak up for tax payers in the town.
