

# Your Labour Team for Loatland Ward

**Borough and Town Council Elections - Thursday 5th May 2011**

## **Desborough - A separate and distinct Community**

The town of Desborough has its own history, character and identity within the Borough of Kettering. Labour candidates are very much part of this community, with a stake in its future, and are committed to looking after Desborough's interest.

**Mark and Joanne Watson** are your Labour candidates for the Borough Council in the Desborough Loatland Ward. They both live in Desborough and believe that the town needs a strong voice to speak up for the local community.

Mark and Joanne have three children one at university and two at local schools. Mark works as a Product Improvement Technician and Joanne is currently employed as a Higher Level Teaching Assistant at Loatlands Primary School.

They want the best for our children and will work to ensure that the town benefits from good educational and employment opportunities.

## **Labour Councillors get things done**

Desborough had a proud tradition of electing people who worked hard on behalf of the town to get things done. Over the years Labour Councillors have been at the forefront in the fight to get our fair share of resources and the services we need for our community. Labour Councillors campaigned for a new Library, new Fire Station, a Nursery unit at Loatland School, all-weather playing surfaces at the Leisure Centre, parking provision for the bowling greens, new classrooms at Havelock Junior School and many other facilities for the town.

The Town Council was Labour controlled from 1978 to 2003. During this time Labour Councillors achieved the refurbishment of 'The Gaultney' to provide 10 self contained flats, the installation of a lift in Hazeland House, the Millennium Bridge to link the footpath between Desborough and Rothwell, the £11.5 million bypass which has taken a lot of heavy traffic out of the town, the refurbishment of Montsaye swimming pool, the introduction of CCTV cameras in the town centre and much more.

In contrast, the last eight years of Tory control, has seen little action, indecision, and the lack of an effective voice for the town. It's time to get things moving again!

**Labour Councillors have not made promises that they cannot keep. It's no good making promises at election times and then trying to blame everyone else if you fail to deliver the goods.**

**Labour - Working for Desborough  
Working for you**
