

LABOUR: THE EFFECTIVE VOICE OF DESBOROUGH

In May 1979 the electors of Desborough returned a Labour controlled town council pledged to ensure that the voice of Desborough would be heard.

Due to policies at National level the years since then have been years of recession, unemployment and cuts. Despite this Labour Councillors have continued to be at the forefront on those local issues which affect our town . . .

- The fight against bus pass charges.
- New flats in Gold Street and Havelock Street.
- The A6 crossing.
- Industrial development in the Station Road area.
- Improved facilities at the Leisure Centre.
- Bungalows under construction in High Street.
- Successful opposition to sale of Loatland School Land.
- Educational provision for rising fives.
- New toilets in Buckwell Close.
- Road and Street Lighting improvements.
... And many more.

Labour cares about all ages in the community. In the future we will continue to press for play areas and nursery education for the young. Also a purpose built home for our elderly citizens. Labour will seek improved transport links by road and rail from the town.

Labour Councillors will speak up for Desborough, attend all meetings wherever possible, and be readily available to the public at all times.
