of the Loatlands Primary  
School, Desborough.

## Labour Candidate

**Thursday 2 June 8 am to 9 pm**

68 Harborough Road  
Desborough  
May 1977

Dear Voter,

Once again I am offering myself as your representative in the local elections. This time I have decided to stand as both your Borough and Town representative, as I believe that it would be in the best interest of the town for the wishes and feelings of the people of Desborough to be made known as strongly as possible at Borough level. This can be accomplished by having the same person to represent you on both councils.

\* I am ever conscious of how rent and rate increases affect our standard of living. I am also aware of the consequences of not carrying out repairs, maintenance, etc, necessary to keep our roads, council properties and social amenities in good order.

— To make cut-backs and reduce spending is an easy matter and can be accomplished very successfully in a relatively short time just by not doing anything. Whilst the promise of this type of spectacular saving may sound good, it can only be to the detriment of the community. Merely to put off doing things in order to cut back expenditure is no solution. Local authorities must pursue a policy of making the best possible use of the resources they already have.

I do not wish to make capital out of the very good work my party colleagues have done for the town, but I pledge myself to work with them to do whatever is in the best interest of Desborough and its people. I hope you will give me the opportunity to do this by voting for me on Thursday, June 2nd.

Yours sincerely,

Ernest J. Tidball

The Labour Candidate
